

# FAIRFIELD ELEMENTARY MAGNET SCHOOL

Dear Students and Parents,

Aug 6, 2021

Welcome to the 2021-2022 school year, I am excited to start my second year as a Fairfield Bulldog!

Fairfield is continuing our success as the premier magnet school in Caddo Parish Public Schools through academic excellence, fine arts, and enrichment activities. Fairfield students outperformed the State of Louisiana and Caddo Parish Public Schools on all end of year assessments including the LEAP 2025!

The working partnerships between Fairfield faculty, parents, and students create a formula for success that is unmatched by other schools in our area. The 2021-2022 school year will be a challenging and rewarding time for this partnership as we continue to face barriers in our learning community due to COVID-19. As with the previous year, I know that the Fairfield family will grow stronger through this adversity.

Key attributes for successful learners this year will include being adaptable and flexible. An adaptable student is able to easily adjust to new conditions while still being successful. Moreover, flexible students have personality traits that allow them to positively cope with changes resulting in continued growth.

Our campus will continue to have Bulldog pride focusing on our goals of:

- Increasing Academic Achievement
- Improving School Pride and Spirit
- Broadening Parent and Community Involvement

To succeed, I need your help. Contact me anytime at the campus or through email ([rpmorris@caddoschools.org](mailto:rpmorris@caddoschools.org)) with information or questions. Feedback from students, parents, and our community is important to me.

I look forward to working and learning with you during the 2021-2022 school year.

Ronald Morris, Ed.D.  
Principal
